ng of Outlaws Come to Grief-BISMARCK, June 27 .- A special from past the life of Marquis de Mores has been threatened by Frank O'Donnell and a large gang of outlaws. On Monday at 3 o'clock A. M., O'Donnell and his gang rode into town and began firing at the windows of the hotel and other buildings. Several persons narrowly escaped the bullets. The Sheriff of Morton county, with a posse of citi-zens, to-day pursued the outlaws, over-taking them a mile from the railroad. Riley, one of the outlaws, was killed in the melee. O'Donnell and the others

About five hundred packages of colored Japan dust were also rejected on the ground of high color and admixture of mineral substances intended to make the tea heavier. This tea was also brought to this country by tea was also brought to this country by water on board the Flintshire. The Collector and Appraiser of the port of St. Louis have forwarded to Davies samples of so-called teas sent to that city by way of San Francisco. An examination has clearly shown that the "stuff" was only wild leaves indiscriminately collected and dried and sent to this country to be palmed off as tea. This was intended to be sent to some part of the country remote from regular. part of the country remote from regula markets and there disposed of as tea, regardless of the fact whether or not it is

ing to the Pacific Coast. San Francisco, June 27. - The Pullman Palace Car Company expect to establish a branch manufactory in this State in a few months. At present the Central Pacific shops at Sacrament will be used for repairs. The Allen Pape Car Wheel Company, of which Pullman is a member, expect soon to have a branch manufactory on this coast.

These enterprises will be followed by a Thursday, nown Pittsburg firm. It is concluded rom these movements of Eastern irms that some unusual activity in rail-

HEALTH restored and life prolonged to suffering humanity, by the most wonderful curative agents ever discovered. I invite the sick, no matter what their diseases may be, to call and investigate for themselves before abandoning all hope, for it will cost you nothing. I give no encouragement unless there is a f-ir prospect of making a cure. I will endeavor to be candid in my opinion, and reasonable in my charges, I claim not to cure everybody, but to cure all that can be cured. I am formerly from New York city, and a graduate of one of the best meditacl colleges in the United States, and a most thorough Electrician, and have had many years successful practice in the treatment of both scute and chronic diseases. To remove all doubts and convince my patients that I claim nothing but what I am, I refer to my diploma and the numerous recommendations in my possess'on, which will always be ready for inspection at my office. I HAVE NO ONE CURE-ALL! nor do I make a hobby of any one mode of treatment. I use electricity or medicines or both, as cases may require. I find the cause of disease, remove it, and nature, assisted by medicinal remetics properly applied, will promote a cure without fail. TO THE LADLES. To the ladies I would say: You, whose sufferings have become intolerable, and who have suffered a thousand deaths from those diseases so common to your sex give me a call, for I GAN JURE YOU WITHOUT FAIL, and make your lives once again worth those young men who are suffering from year to year, and whose vital powers have become in-

TOUSEKEEPERS willingly pay a higher price for pure milk than for watered milk-for double-strength vinegar than for single strength. It is perfectly reasonable that a can of NEW ENGLAND BAKING POWDER, which is pure, should cost a few cents more than those adulterated with Starch—an article perfectly useless in Baking Powder, and only used because it gives bulk and costs so little. NEW ENGLAND BAKING POWDER is admitted to be the most expensive powder manufactured, as it is composed of nothing but Cream of Tartar and Bi-Carbonate of Sods of perfect purity, without any adulteration whatever.

NEW ENGLAND BAKING POWDER is therefore of higher cost to the dealer than other brands, and consequently retailed at higher prices.

NEW ENGLAND BAKING POWDER imparts lightness and delicacy of fivor to breat higher prices.

walk alone and in one month I was cured this section. He is the gentleman whom without the aid of medicines, I was able to walk alone and in one month I was cured-feeling better than I had been for years. The reason why I publish this testimonial is because some persons assert that cures by magnetism are not permanent. I have now let oil treatment over 4 months and have had no return of the rheumatism. Thanking you for your kindness in removing the pains of humanity, I remain, Yours Respectfully.

Mme. Lecrox has removed from her Mrs. C. N. Smith's Celebrated "Wave." The unparalelled success of this charming addition to a lady's toilet is due to their great convenience and comfort; and last, though by no means least, a decided improvement in appearance, making a thin face appear full, softening the outlines of a full face and exchanging the line age leaves for the appearance of youth. They are an absolute necessity to ladies who have lost their once abundant hair, whose foreheads are too high for Grecian models, and whose hair will not remain in crimps. Being made of nature's curl: hair they always are in wave. One grand feature is they have none of the appearance of the false wig so observable in all other waves and crimps. The danger of ruining one's hair with crimping pins is alarming, and well for every lady to consider, especially if she values her personal beauty and the admiration of her friends. THE PUBLIC SCHOOLS. The Report of the Third Day of the

June Examinations. ues—A Large Attendance—The Programmes.

The principal school exercises were

held yesterday afternoon in the High School building-eight rooms of pupils completing their term. Public interest in the closing exercises still continues and the attendance was large. Nothing unpleasant or out of order occurred, se far as could be learned, in any of the rooms, and, considering the extraordinary heat, all who took part did extremely well. As was the case in the schools which closed yesterday, the morning was mainly devoted to oral examinations and in the afternoon the literary programmes were presented. From them, as published in this morning's Times, strangers and indeed many old residents will gain an excellent idea of the enterprising spirit of our public schools and the intelli-

of our public schools and the intelli-gent and enlightened courses of study which the rising generation of Southern California has free access to.

The programme of the classes in the High School building, according to grade, which completed their course of stally for the term vesterday, are given stu ly for the term yesterday, are given other exercises appearing in order as nearly correct as possible:

"A Boy Behind." An amusing local incident is told by an eye-witness, a lady, and who was the innocent cause of one person's disan eye-witness, a lady, and who was to innocent cause of one person's discomfiture, and the amusement of many spectators. One day last week the lady who tells the story was passing along who tells the story was passing along motive, she chanced to glance at the rear end of a passing hack. The driver of the vehicle saw the lady's glance, and it is probable that the almost intolerable nuisance of "a boy behind" flashed across his mind. At any rate he turned around in his seat and commenced plying his whip on the rear end of the hack. He saw no boy leave the rear of the vehicle, and supposing that he had not hit him, or that the boy was determined to stay at all events, plied the whole affair, and at last the driver stopped his carriage and went around it to see what was the trouble. When he found there was no boy there, and had been none, he remounted his When he found there was no boy there,

When he found there was no boy there, and had been none, he remounted his seat and drove around a corner out of sight as quickly as possible. The entertainment was entirely free, and was enjoyed by several pedestrians.

The Winth Graduating Class of the High School.

Night-A Crowded House, an Appreciative Audience, and a Succ ful Affair Throughout.

Last evening the closing exercises of the ninth graduating class of the Los eases of the kidneys, liver and stomach, and Angeles High School, as announced, were held at Turnverein Hall. The public interest in the proceedings was so great that every available space was ccupied. Many stood in the aisles and which they will sell cheep. leries, and still more turned away nable to enter, The platform was corated handsomely, one feature eing an evergreen motto, "A posse ad esse" (from possibility to reality,) which is also inscribed on the coat-ofarms of the class, and is intended to rep-

esent their principles. Throughout the exercises the au ence was not demonstrative, but

opened the exercises with a short appropriate address, after which the salutatory was delivered in a clear, distinct voice by Miss Anna Alward.

Master Wm. A. Ryan then delivered an oration, "Our National Institutions," in a strong, manly voice, indi-cating that the lad has in him the making of an orator.
"True Possession" was the title of

an essay delivered by Miss Josephine Dol. The points made were all good and much appreciated.
"Man's Unrest" was the subject of another essay by Miss Lorretta Newell, a synopsis of which is that the uneasy spirit of the human race is productive of much real good smuch as it ever tends to improve

ment.
"The Micawber Family," taken from
Dickens, was then rendered by Miss
Mary S. Green, and her effort deserves
especial praise.
